SCHOOL BREAKFAST CLUBS PROGRAM

NEW OATS - ALLERGEN UPDATE

We have now replaced the purple School Breakfast Clubs Program oats with a new Victorian-made product. **This new product is available to order as of 15 September 2026.**

The new oats come in the packaging below, and there are important allergen changes to be aware of.

New oats allergen details (as at September 2026):

Ingredients: **Oats (100%)**

Contains: **Gluten**

May be present: Other Gluten Cereals, Milk, Peanuts, Sesame, Soy, Tree Nuts, Lupin.

Action Required:

- Carefully **review the allergen information** provided above.
- Ensure all **relevant staff and volunteers are aware** of these changes
- Update SBCP resources with the latest versions available on our website.
- If ordering the new oats, **carefully check the product label, ingredients list and allergen information.** Always refer to the product label before use.
- Communicate this information with students and families as required.
- Update any relevant student health documentation, including:
  - Student Health Support Plans
  - ASCIA Action Plans
  - Individual Anaphylaxis Management Plans
  - Individual Allergic Reaction Risk Management Plans
- Refer to page 24 of the updated SBCP toolkit for further guidance on managing student health, allergen risks and special needs.
